

ATOM-N 2018 Call for papers

Dear Sir/Madam,

We have the pleasure to invite you to participate to the 8th edition of the International Conference “**Advanced Topics in Optoelectronics, Microelectronics and Nanotechnologies**” - **ATOM-N 2018**, which will be held in Constanta, Romania (on the seaside of the Black Sea) during **August 23th - 26th, 2018**.

We would like to inform you that ATOM-N 2018 will be a great opportunity to meet researchers in optoelectronics, nanotechnology, molecular technology and advanced materials field.

Main topics:

1. Advanced materials and new technologies
2. Diffractive, micro optics, and optical signal processing
3. Sensors, microsystems, and instruments
4. Micro/ nanophotonics and micro/ nanotechnologies
5. Modeling, design, and simulation
6. Optics-inspired approaches for non-optical applications: systems, devices, and signal processing

More details can be found at <http://www.atom-n.ro>

The deadline for submitting a two-pages abstract is **February 28th, 2018**.

The abstract template can be found at: <http://www.atom-n.ro/Template of Abstract 2018.doc>

The abstract submission link has been created at SPIE (USA):

<http://spie.org/submissions/submit/overview.aspx?EventId=2235395>

All the accepted papers will be included in the Proceedings of the Conference, registered as a SPIE publication.

Proceedings of SPIE are among the most cited references in the patent literature, and are indexed in numerous online databases including INSPEC, Ei Compendex, Physics Abstracts, Chemical Abstracts, SPIN, International Aerospace Abstracts, ISI Index to Scientific and Technical Proceedings, and the Smithsonian/NASA Astrophysics Data System Abstract Service (ADS). (<http://spie.org/x1848.xml>)

We look forward to receiving your abstract!

With kindest regards,
on behalf of the Organizing Committee,
Marian Vladescu, Ph.D.
Conference manager
